On May 11, community leaders joined Deb Dartsch and Ron Thielen of Best Maid Cookie Company with the ceremonial groundbreaking on an addition to their facility in River Falls. Another 20,000 square feet will be added to the facility and was necessitated by a new, multi-million account that requires more production space. Since relocating to River Falls in 1996, Best Maid has expanded four times. The general contractor is Ross & Associates (River Falls).
